STATE OF NEW YORK)
 COUNTY OF ERIE) ss:
 TOWN OF TONAWANDA)

I, Marguerite Greco, Town Clerk of the Town of Tonawanda, Erie County, New York, do hereby certify that at a meeting of the Zoning Board of Appeals of the aforesaid town, on the **18th day of January, 2017**, at the Municipal Building, Kenmore, New York, the following resolution was adopted, to wit, -

James Louis, offered the following resolution and moved its adoption:

WHEREAS, the applicant, **Paul Morad Motyka and Pamela Morad Motyka, owners of premises located on the east side of Maldiner Avenue, between Newell Avenue and the City of Tonawanda Line, commonly known as 317 Maldiner Avenue**, Tonawanda, New York, have applied to the Zoning Board of Appeals for a permit for **a rear fence**; which permit was refused by the Supervising Code Enforcement Officer on the grounds that the proposed **fence** would be in violation of the provisions of Chapter 215, Zoning, §215-8, of the Code of the Town of Tonawanda for the reason that **the fence encroaches into the unobstructed vision clearance area**; and

WHEREAS, this Board finds that the premises in question is zoned **A First Residential** and that applicant seeks an **area variance**, and

WHEREAS, the applicant's application stated that the variance was being sought **to replace a deteriorated stockade fence and improve the angle of vision over the original fence; it further stated that the fence will benefit the aesthetics and privacy of the community due to the small yard size and that several neighbors had expressed their approval**; and

WHEREAS, this Board must consider the testimony and evidence submitted by the applicant and the following factors detailed in §267-b(3)(b) of the Town Law:

-) whether an undesirable change will be produced in the character of the neighborhood or a detriment to nearby properties will be created by the granting of the area variance,
-) whether the benefit sought by the applicant can be achieved by some method, feasible for the applicant to pursue, other than an area variance
-) whether the requested area variance is substantial,
-) whether the proposed variance will have an adverse effect or impact on the physical or environmental conditions in the neighborhood or district
-) whether the alleged difficulty was self-created; and

WHEREAS, this Board has reviewed the evidence, testimony and the above-recited factors which are set forth in §267-b(3)(b) of the Town Law of the State of New York pertaining to area variances; and

WHEREAS, based upon the evidence presented, this Board finds that the variance is not substantial, that it will not have an adverse impact on the physical or environmental conditions of the neighborhood and that it will not create any undesirable change in the character of the neighborhood; and

WHEREAS, this Board finds that the benefit to the applicant if the variance is granted outweighs the detriment to the health, safety and welfare of the neighborhood or community by such grant based upon a balancing of the factors contained in §267-b(3)(b) of the Town Law; and

WHEREAS, this Board believes that the variance requested is the minimum variance that this Board deems necessary and adequate and at the same time preserves and protects the character of the neighborhood and the health, safety and welfare of the community; and

WHEREAS, a record having been made by electronic means and preserved in digital format is available in the Town Clerk's Office;

NOW, THEREFORE, BE IT RESOLVED that this Board does hereby **GRANT** an area variance from the above-mentioned provisions of the Code of the Town of Tonawanda and directs the Supervising Code Enforcement Officer to issue the appropriate permit on the condition that the applicants obtain a Land Use License from the Town Board of the Town of Tonawanda for that portion of the fence which crosses the Right-of-Way.

IV. ADJOURN TO THE NEXT ZONING BOARD OF APPEALS MEETING

CHAIRMAN: Motion to adjourn to the next Zoning board of Appeals meeting scheduled, Wednesday, February 15th, 2017, at 6:30 PM.
